

# NEW FOREST CENTRE

L Y N D H U R S T

These diagrams show different settings for the Jack Hargreaves Seminar Room at the New Forest Centre. The diagrams are guidelines only and not to scale.

With all diagrams shown there is space for a projector and laptop on a stand projecting onto the wall opposite the refreshments table, unless otherwise stated in the style title.

Some of these room set ups are tight for space. This is noted in the style title.

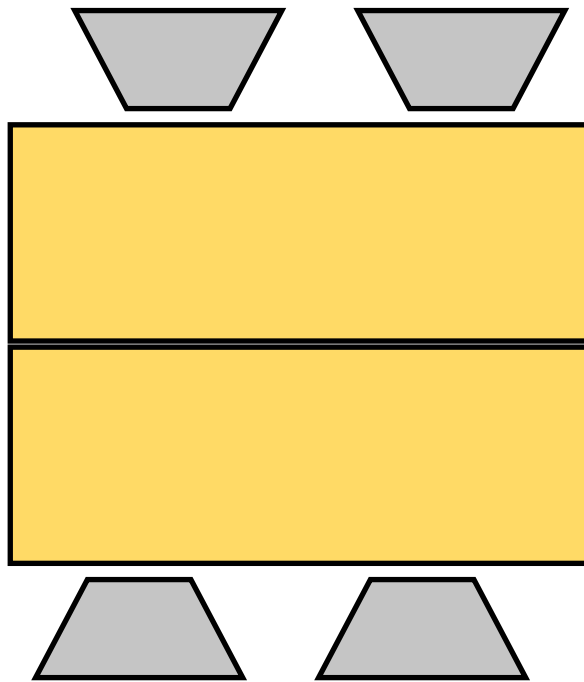

The refreshments table can be removed from the room if it is not required. Please state this when booking.
